Grayling McNamara Airport Growing With Community

The addition of the new \$60 million Weyerhaeuser plant to the community added to the airport as well. The Weyerhaeuser Company, a frequent user of the airport, was a major donor in a fund drive that brought V.A.S.I. lights here.

The V.A.S.I. lights (Visible Approach Slope Indicators) are red and white lights that show pilots if their approach is too high or low. The airport also just finished installing new medium-intensity runway lights.

With its two 5000-foot runways, only Traverse City has a longer runway in northern lower Michigan. Al Livrance, manager of the airport, said the runways will probably not ever be expanded because the airport is bounded on all sides. The military, however, is planning improvements at the airport. The Avalanche will have more details of the planned improvements in the Sept. 30th issue.

Currently, Livrance, Gil Ashton, the assistant manager, a secretary, county employee, and C.E.T.A. employee operate the airport. The airport earns most of its revenue through fuel sales and hanger/tie down fees. A new service added this year is rent-a-cars available to pilots and the general public.

Besides a large hanger housing Dial-A-Ride offices, Kirtland Community College has two hangers with classrooms at the airport. Livrance said the public is invited to come out to the airport terminal building for a tour or to ask questions about the operation.

Teachers Ratify Contract

This morning the Crawford AuSable Federation of Teachers voted to ratify a tentative agreement with the Crawford AuSable School District Board of Education.

The one year contract features a 2 1/2 percent salary increase to all teachers and an additional 1/2 percent to those teachers with a minimum of 14 years experience.

The Board of Education will review the contract and could take action to ratify at their regular meeting, Monday, September 13 in the High School Library.

Great Evening of Fun!

Hanson Park Benefit Party This Thursday Evening

On Thursday evening, September 16, Hanson Park will be hosting one of the first big events of the season, a benefit party which should provide a gala evening of fun for all who attend plus, make three fortunate people very happy should their number be drawn from the hopper during the evening's activities. Admission to the party, which will get underway at 8:00 p.m., is just \$5.00 per person with each admission ticket granting the holder an opportunity to win up to 75 prizes. Some other lucky person will also win a season's ski membership for their entire family, a \$250.00 value.

Entertainment for the evening will be provided by Terry Stoddard and the Arcade. Included in the festivities will be dancing and plenty of free refreshments, both the solid and the liquid type. Tickets for the party can be obtained in advance by calling the park at 348-7641 or they will be available at the door.

Classes begin Sept. 27!

Hanson Park to Offer Adult Enrichment Classes

Adding to their efforts to meet the educational and recreational needs of the residents of our community, the Grayling Recreation Authority is pleased to announce that a series of adult enrichment classes has been added to the list of activities which will be taking place at Hanson Park this season.

Classes are scheduled to get underway at 7:00 p.m. on Monday evening, September 27. All classes will be held in the main lodge building at Hanson Park and all classes will meet for two hours each week for an eight week period.

Tuition for the adult enrichment classes scheduled for Hanson Park has been set at \$12.50 for the eight week session. A complete schedule of classes will appear in the next issue of the Avalanche.

Camp Grayling Reception Set for Sept. 17

March of Dimes Elects Executive Bd. for 1982-83

A cook-out was enjoyed by approximately 15 people at the home of Sally & Ed Hartig on Saturday, August 28th followed by election of an Executive Board for the Northeast Chapter of March of Dimes for the new year, 1982-83. The officers elected are as follows:

Chairman: Sally Hartig, Grayling; Vice-Chairman: Joyce Pickell, Grayling; Treasurer: Vern Nordstrand, Alpena; Secretary: Chuck Rousseau, Alpena; Medical Advisor: Shirley Clark, R.N., Frederic; Campaign Director: Dennis Emerson; Volunteer Development Advisor: Bev Kearly, Alpena; Public Affairs: Chairman: Mike Kearly, Alpena; Chairman/Schools Committee: Marcia Stockford, Lewiston.

Mary Grace Emerson of Alpena will continue as Executive Director.

The Chapter's business meetings will be held bi-monthly in the evening at the

Chamber of Commerce Building in Lewiston.

The Chapter will be busy getting ready for their annual Mothers' March and Read-A-Thon which will be held in late Fall and early Spring. The Chapter covers ten counties including Roscommon, Crawford and Otsego and would like to be of service to those who are in need and do qualify. If you have any questions regarding your local chapter please call Sally Hartig, 348-8644 or Joyce Pickell, 348-8004. If we cannot answer your questions we will be happy to contact someone who can.

The Northeast Chapter is very grateful for the fine cooperation and response received from the residents of the local and surrounding counties in the past years and hopes that it will continue in the never ending fight against birth defects.

Lovells Vows To Keep Fighting For Clearcutting Restrictions

by Jon Thompson

Lovells Township presented its case for restrictions on clearcutting before the DNR Commission last Thursday and one sympathetic ear belonged to Hank Webster, DNR Forestry chief.

Webster said the township had a good point after he listened to a presentation made by Bob Hartwick, of K.P. Lake. The township is asking for a 400-foot setback on lakes and streams, a 200-foot setback along county and residential roads, and a 200-foot setback from private property in DNR clearcutting operations.

Lovells Township has the 400-foot setback along lakes and streams in its local zoning laws, laws following state guidelines. The township says since the DNR helped them establish the zoning laws, the state should have to abide by the zoning guidelines.

Lovells Township residents, who have been attempting to find out for weeks whether the state had to obey their zoning laws or not, get help from Howard Tanner, the DNR director, at

the commission meeting Thursday at Higgins Lake. Tanner asked if any DNR personnel in the audience could answer the township's question and Webster responded.

He said there are two attorney general's opinions - one that basically says the state is not directly subject to local laws and another that says except in specific state override instances (such as with correction institutions) the state is subject to local laws. So right now it's choose your lawyers and pick your side, Webster said.

Lovells Township went to the DNR Commission with their setback requests after recent clearcutting at K.P. Lake came to within 175 feet of the lake. Woods were also clearcut there right up to roads leading to a public access.

See Lovells on Page 2

The subjects are making contact with the Senior Citizens and telling them that there is a Teller at the Bank who has been embezzling money and they request the Senior Citizen to draw out all their funds and bring them home. At this time, the subjects request to hold this money for safe keeping then they leave the area taking the money with them.

If any person is contacted by subjects like this, it is requested that they either contact the Crawford County Sheriff's Department or their banks.

Compromise Offered By Minnow Seiners

Downstate bait dealers proposed restricting minnow seining to only water in front of public land during the DNR Commission meeting Thursday at Higgins Lake.

By proposing to close water in front of private land to minnow seining, the bait dealers hope to please upset lakefront property owners while keeping several inland lakes open for harvesting minnows.

Early this year, the DNR had closed Lake Margrethe, K.P. Lake, Higgins Lake, and five other northern Michigan inland lakes to commercial minnow seining. Property owners had complained the seiners trespassed on private property, damaged docks and other lakefront property, and were rude, verbally abusing lake residents.

In July, however, the DNR

Commission lifted the ban on four of the lakes, including Lake Margrethe and K.P. Lake, after bait dealers presented their side at a commission meeting. At the Sept. meeting, about 40 persons representing both sides came to speak their views again and some offered compromises.

One bait dealers association offered the closing of seining in front of private land. Not only would this keep seiners away from private owners and their property but it would allow a safeguard against depleting minnow populations.

Rex Moulton, president of the Lake Margrethe Property Owners' Assoc., said he might be able to live with that compromise. Minnow seiners would be restricted on Lake Margrethe to mainly the southwest side in front of state property and some good spots for minnows would be off limits.

Bob Hartwick, of K.P. Lake, said all of K.P. Lake should be off limits to commercial minnow seiners because it is so small they seriously disrupt the biological balance. Removing thousands of minnows depletes the food supply for game fish and hurts fishing.

Jerry Manz, DNR regional fisheries chief, said while

there is no solid biological research that minnow seining seriously upsets the biological balance of inland lakes, general observation by DNR officials indicate it is doing some harm. He added that the DNR eliminated minnows in one small lake through their own seining operation.

The current order allowing minnow seining in the four lakes will end Sept. 15. It will take another order by DNR Director Howard Tanner to reopen all or parts of any

Girls Lose Opener 62-60 in Overtime

Amick, a two-time All-State forward, almost single-handedly ruined Grayling's home opener last Wednesday scoring 41 points in Johannesburg's 62-60 overtime win.

Grayling countered with three scorers in double figures, Kris Laudenslager with 16, Heidi Bendig with 13, and Jenny Riker with 10, but the quick All-State forward had too much firepower for the Vikings.

Amick used her accurate jump shot to lead Johannesburg to an early 19-8 lead after one quarter. Grayling fought back to within 2 at half trailing only 31-29.

After an even third quarter, Grayling finally managed to pull into a tie and the game went into overtime. Johannesburg scored 6 to Grayling's 4 in the extra session to score their first win of the season.

Karyn Reynolds scored 9 for Grayling, Joyce Stevens

6, Shelly Trenary 4, and Celina Eshenroder added 2. Grayling shot 27 for 67 from the floor and 6 for 19 from the line. Johannesburg was 14 for 30 from the line for an eight point advantage from the charity stripe.

Grayling played Roscommon Tuesday and travels to Fairview Thursday, Sept. 16.

cess site. Township residents say the small amount of money collected from wood along the roads and lakes isn't worth the visible damage to the area. In a community that relies heavily on tourism, the residents say the setbacks along roads and lakes and streams are more valuable for their beauty than the wood dollar amount.

They also want the setbacks along roads to leave natural snowfences to protect motorists during the winter.

Township residents vowed to continue fighting for the setbacks. The DNR commission took no action at their meeting following the presentation but took the request under consideration.

lake or stream to commercial minnow harvesting.

One minnow dealer said he was scared to death of any more regulations. Another dealer said only a handful of seiners were creating the problems with lakefront residents and they should have their licenses removed.

Becky Trout, representing the Higgins Lake Property Owners' Assoc., said her group was opposed to the minnow seiners taking a natural resource from our area for free. She said the \$5 license fee they pay was ridiculous compared with the amount of minnows they harvest.

John Scott, head of the DNR fisheries division, said the DNR is checking into other solutions to the problem including rearing minnows in ponds and using other less populated lakes.

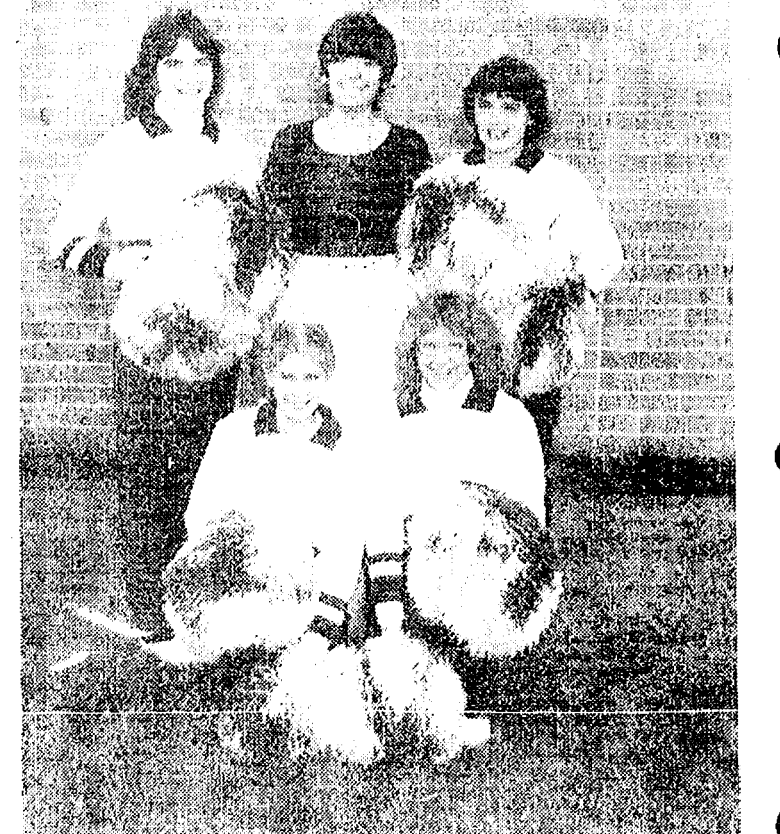

The bait dealers obtain most of their minnows from the Great Lakes but turn to inland lakes during the summer to meet heavy demand when weather conditions aren't right on the big lakes. Most of the minnows netted from Lake Margrethe and K.P. Lake are sold to Saginaw Bay perch fishermen.

The seiners like to use Lake Margrethe, K.P. Lake, Higgins Lake, and Tea, Grand, Long, Cedar, and Sand lakes because of their large minnow populations and bottoms that allow the seiners to walk easily in shallow water netting the minnows.

Along with Hartwick and Moulton, some other Lake Margrethe and K.P. Lake residents attending the commission meeting were Batch Anderson, Bud Joyce, Cal Brenner, Walter Post, William Laurie, and Leona Nichols.

From Our Corner ...

We pulled a booboo in a head over a story in last week's issue pertaining to an article from Representative Ralph Ostling, of the 103rd District...the headline in the Avalanche read "Ostling Stops Property Tax Reform Bill", what really happened was that Rep. Ostling was successful in discharging a property tax reform bill from the House Taxation Committee that could save the state \$20 million. The bill now goes before the full House of Representatives for final consideration.

Rep. Ostling did not stop any measure, what he did was to get the bill moving, instead of letting it die in committee.

We apologize for the misrepresentation of the head and the story being confusing...there was no intention on our part to confuse the public against Rep. Ostling...we have backed Ostling from the start of his tenure in the House of Representatives and will continue to this year as he seeks re-election...

One day last week I was stopped on the street by Leo Hirvela who lives at 606 Clyde St., and is a Retired Michigan National Guardsman...anyway Leo wanted to know if we were a bird watcher, I told him that I didn't really know too much about birds, I also told him that I was a girl watcher, and didn't know too much about them either...seems that Leo has a rare bird that comes to eat in his two bird feeders that resembles a parakeet but is much larger and has a long tail and a black spot on either side of its head...Leo said the rare bird takes care of all other birds while it is feeding except for the Blue Jay...Leo told us it has the beak such as the parrot or parakeet...if anyone know about this kind of bird let us know and we will pass the word along...

We mis-spoke ourself a couple weeks ago in our corner when we said that T.J. would be going into the third grade and Stefany would be getting her feet wet in the world of education as she enters kindergarten...not so...the schools in Traverse City did not open as scheduled due to a teachers' strike...we talked to Toni Sunday and she said they didn't know when schools would open...so the girls have an extended summer vacation until when, no one knows...

If you have noticed so far in this week's turkey that we haven't mentioned a word about the weather we are experiencing the reason is that a certain friend of ours came up to us last Friday while we were eating at the hotel and told us to forget about the weather and write something more exciting and worthwhile...our friend was none other than "Mr. Grayling", Harold "Spike" MacNeven the man that made Grayling the focal point in Michigan during the hi-jinks era in the 30's and early 40's...Spike at one time had a sign in Florida that stated...so many miles to Spike's Keg O' Nails in Grayling, Michigan...Spike, we'll try to deviate from the weather but, dang it all sometimes there's nothing to fill this space...

Sorry Spike, we just have to mention here what a nice weekend we experienced...we doubt if there will be many more of these...

R.J. just walked in...we don't dare to pick on him this week...he took care of the story of the Roscommon Bucks and Grayling Vikings football game for us...Jon is on vacation so R.J. is helping us out...this does not mean that sometime along the way, he may not make the corner again...

The turkey is done for this week...goodnight T.J., Stefany and Amber...and to all our readers...enjoy our autumn weather...the snow will be here before we know it...

We make a little go a long way.

Give.

Red Cross is counting on you.

Walter Hanson, millwright at T. Town, is spending a two weeks vacation in Johannesburg.

The Misses Signa Eilerson and Frieda Olson spent Thursday in West Branch taking in the fair.

Holger Hanson started for Detroit this afternoon and will spend a few days there as well as attend the fair.

Alton Brott of Beaver Creek brought in two spring lambs Monday that weighed 95 pounds each. Mr. Brott says that he has 45 lambs of this age.

Mrs. William Powell and son Gerald have arrived from Detroit to spend the month of September at their cottage at Portage Lake.

Joe Letzkus while at work in the Kerry Hanson Flooring plant Tuesday afternoon was quite badly injured when a board from the edger on which he worked flew back and struck him in the right eye.

Lorne Douglas has resigned his position as bookkeeper for T.E. Douglas and after a few days' stay in Grayling and Johannesburg will leave to resume his studies at Ann Arbor.

The Bible Speaks

From Calvary Baptist Church

Why Divine Election Is Fair

Romans 9:19-26

You have probably heard someone say, "The devil made me do it." When anything goes contrary to our will we want to blame someone else for it. Even though God has made His will known to us in the Bible, there are those who would blame God for not forcing them to obey His Word. "Thou wilt say then unto me, Why doth he yet find fault? For who hath resisted his will?"

First, God's election is fair because He is sovereign God and we are mere man. "Nay but, O man, who art thou that repliest against God?" Romans 9:20a. Man wants to play God, but he has neither the wisdom, judgment, power or position to question God's justice.

Second, God's election is fair because He is the creator of all things. "Shall the thing formed say to him that formed it, Why hast thou made me thus? Hath not the potter power over the clay, of the same lump to make one vessel unto honour, and another unto dishonour?" Romans 9:20b,21. This is God's world by creation. We are God's creatures. He is free by His own sovereign position as our creator to do with us what He pleases.

Third, God's election is fair because He has as much moral right to exercise His power in wrath against sinners as He does to deliver them. In fact, God endures with much long suffering the rebellion of sinners before He finally punishes them. "What if God, willing to shew his wrath, and to make his power known, endured with much long suffering the vessels of wrath fitted to destruction." Romans 9:22.

Fourth, God's election is fair because He has chosen certain vessels of mercy to be saved eternally to bring glory and honor to God. "And that he might make known the riches of his glory on the vessels of mercy,

which he had afore prepared unto glory." Romans 9:23. Anything God does to bring honor and glory to himself is always right.

Fifth, God's election is fair because He uses the same method to save all people in the New Testament Church as He did for those in Old Testament Israel. "Even us, whom he hath called, not of the Jews only, but also of the Gentiles? As he saith also in O'see, I will call them my people, which were not my people; and her beloved which was not beloved. And it shall come to pass, that in the place where it was said unto them, Ye are not my people; there shall they be called the children of the living God." Romans 9:24-26.

Sixth, God's election is fair because it encourages rather than limits your desire to "make your calling and election sure." You should desire to know if you are one of God's elect. Jesus leaves us a key in John 6:37 "All that the Father giveth me shall come to me; and him that cometh to me I will in no wise cast out." You can never know you are one of God's elect until you are willing to come to Jesus Christ as your savior and Lord. (adv.)

September on the AuSable

Whether you're a fly fisherman, birdhunter, bowhunter, or just a weekend tourist, we don't think there's a nicer place to spend an autumn weekend than Grayling. Our river system is among the finest in the country and offers something for everyone.

Here at the Old AuSable, we make it our specialty to help folks get the most out of their weekend. Locally tied trout flies, shotgun shells, bowhunting equipment, riverboat color float trips of maybe just an area stream map & some helpful advice are all available.

Whatever your pleasure, when you're in downtown Grayling — it's always a pleasure at the Old AuSable Sport Shop.

POW License Plates Available

All individuals who served any part of their military time as a prisoner of war are now eligible to purchase special POW license plates for their vehicles. Secretary of State Richard Austin announced today.

Applications for the specially-designed plates will be available in all branch office this week.

The POW plates, resembling normal license plates, will be blue and white and carry the words, "Michigan Prisoner of War", with five numbers and letters. Cost will be the same as normal plates except for a \$5.00 handling fee.

Individuals desiring such plates may obtain forms and instructions for applying at any local Secretary of State Branch office.

Divide Equal

When making pattern adjustments, make sure the total waist and hip adjustments are divided equally between the front and the back so that the design of the garment is not distorted.

Sharp Hairdo

Governor Will Try Again On Budget Cuts after Initial Rejection

Warren M. Hoyt, Executive Director, MPA

Governor William G. Milliken, attempting to balance the current year budget and ready the fiscal 1982-83 budget for his successor, was rejected by the Legislature on his first attempt to cut another \$150 million from the budget but said there was no other alternative and would try again.

Milliken's budget director, Gerald Miller said the cut is the only feasible approach to the deficit facing the state and he would continue to try to get the \$150 million in cuts approved.

Milliken said he shares the reluctance of legislators to make further cuts in education but added, "There are no easy answers. The Legislature must face up to the need for an executive order of this magnitude. Continued talk of alternatives that fail to bring real reductions in spending does a real disservice to the people of Michigan, raising false hopes that there is an easy way out of a tough dilemma."

Budget director Miller said, following rejection of the original order, the basic outline of the governor's proposal to be approved.

The cuts proposed include \$72.3 million for public schools by reducing combined state-local funds by 2.38 percent; 32 million from four-year colleges and universities; \$7 million from community colleges; \$11.3 million from counties; and \$27.4 million from cities, villages and townships.

Alternatives developed by the House Fiscal Agency include a promise to restore those cuts in 1982-83 or instead use various combinations of the Medicaid accounting change in conjunction with lesser cuts and/or borrowing from the state accident fund.

Miller, however, said besides put-

ting the state's cash status in a precarious position, the accounting change or other proposals to paper over the deficit would further damage the state's reputation on Wall Street. He called the proposed alternatives a "major disaster."

House Speaker Bobby Crim (D-Davison), who said the cuts were rejected in part to get legislative input into the process, said he needs a full review of the state's various accounts to be satisfied the cash situation is as precarious as described by the administration.

State Treasurer Loren Monroe said the cash deficit, if the budget cuts are not made, will be in excess of \$700 million in the general fund and School Aid fund.

Monroe suggested the deal with five Japanese banks to back the state's \$500 million borrowing in the next fiscal year could be jeopardized if the cash deficit is allowed to increase to that level.

Crim added he also wants to press alternatives to borrow from the accident fund - a quasi-state agency providing workers' compensation insurance to companies unable to get coverage through the private markets.

While not ruling out acceptance of the executive order as outlined by the governor, Crim said it is not likely it would be accepted.

"The harshness of those cuts on education are devastating. We would have 100 schools on the critical list, who could not meet their payrolls," he said.

Once the current year's budget deficit is wiped out, the Legislature must then go to work to write a new fiscal 1982-83 budget which has already been revised downward because of declining revenues.

That budget should be in place by October 1.

ABWA Woman Of The Year

Mrs. Betty Bennett was named as the Woman of the Year for the Grayling Chapter of the American Business Women's Association recently.

Mrs. Bennett is past president of the organization and has been a member for seven years. She has co-chaired the ABWA fashion show for two years and has been active on many committees with the group.

The award is given annually for the woman who has contributed significantly to the organization and the community.

She has served on committees for the Milltown Festival, Winter Carnival and Miss Grayling Pageant for three years.

She is office manager for radio station WQON-FM.

Thayer Named Reed for Congress Chrm.

Grayling—10th District Congressional candidate Lawrence W. (Larry) Reed announced today that Art Thayer, 408 Plum St. will serve as Crawford County Chairman of Reed's campaign against Democratic incumbent, Don Albosta.

Thayer is coordinating the many meetings, fundraising events and distribution of Reed literature and yard signs occurring throughout Crawford County as the 10th District race heats up.

Thayer, a resident of Grayling for 26 years, is retired from the Crawford-AuSable public school system. His involvement in local, county and state politics spans 25 years.

In addition to his duties as Crawford County Reed for Congress Chairman, Thayer is a "Target '82" representative for the Michigan State Republican Committee.

Frederic Community Library

Memorial contributions were given to the library in memory of Ray Middleton by the following: Mr. and Mrs. Albert LaFountain, Mr. and Mrs. Paul Henion and Mr. and Mrs. Kenneth Newberry.

We recently received "The Case of Lucy Bending" by Sanders; "Surrender to Love" by Rogers and "Different Seasons" by King from the Crawford County Library.

Some other new books are: "The Husband" by Cookson; "The Kadin" by Small; "Goldeneye" by MacDonald; "All their Kingdoms" by Pollard; "The Jasmine Veil" by Hall; "High Dominion" by Flores; "For Love of Audrey Rose" by DeFelitta; "Night Probe" by Cussler; "A Dark & Lonely Hiding Place" by Begner; "The Seventh Child" by Stanwood and "Radigan" by LaMour.

For the young-adult shelf we have a selection by Phyllis Whitney, "Creole Holiday"; "Mystery on the Isle of Skye"; "Secret of the Tiger's Eye"; "Nobody Likes Trina" and "Mystery of the Angry Idol".

Six young people completed our reading program. They are: David & Lori Bentley, Dana, Daniel and David Pratt and Jamey Owens. Details on the party at a later date.

Our film program was well attended this year, averaging 50 viewers for each of the shows. I would like to give a special "thank you" to Mrs. Pauline Henion for all her help and to Eva Hulbert for furnishing cookies again this year.

Forestry In Focus

A statewide meeting designed to focus on forestry is set for Friday, September 24, in Petoskey according to Roy Spangler, Roscommon/Crawford County Extension Director. The session, slated for the Holiday Inn, begins with registration at 11:00 a.m.

The major purpose of the conference as stated by Conference Coordinator, Dean Rhoads, District Extension Leader for the Cooperative Extension Service of Michigan State University, is to review recent state and regional forest related studies, and coordinate opportunities in strengthening Michigan's economy through its forest resources. Sponsorship and conference coordination is being handled by the Governor's Wood Resources Development Task Force who will also be reporting on its accomplishments.

Studies being reported are as follows: Prime Forest Lands Identification Projects, Michigan Forest Economic Impact Study, Intensive Forestry Systems committee report, and renewable resources evaluation.

A luncheon speaker, to be announced, will help set future directions for state forestry efforts.

All persons interested are invited to attend. There is a luncheon fee of \$5.50 payable at the conference as well as a pre-reservation requirement of September 17. Registration form and brochure are available at the County Extension office located at County Building Annex, Roscommon, MI 48653, phone number 275-5043.

Co-Op Nursery Activities

Grayling's Co-Op Nursery is in full swing for the 1982-83 school year. The nursery is a non-profit organization.

It is licensed by the Children's Division of the Dept. of Social Services, and provides an environment which stimulates curiosity, creativity, and thinking for all children.

If you are interested in having your child participate, there are openings still available. For more information, call Janet Gilman, membership chairman, at 348-5547.

Should we have a funeral and visitation for Grandpa?

He was very old,
maybe he doesn't have any friends left

The choice of a funeral or visitation for the elderly should not be made on false assumptions. It is easy to believe that old people have no friends. Many have spent their last years in a nursing home away from others. Many of their friends may also have preceded them in death. Nevertheless, today there is a larger population of the elderly than there has ever been before, and that population is growing! Many families who have chosen a visitation and traditional funeral have been gratified to meet friends of the deceased who call to pay their respects because they cared about the person. Others come to express support of the family. When an older person dies, a funeral and visitation, gives friends a chance to express their feelings.

First Day Of School

by Brian Palmer - 5th grade

When I woke up in the morning I was so excited! I got dressed, ate breakfast and got my things together and left for school. While I was on my way to school I saw birds and chipmunks. I was real excited when I saw all my friends on the playground. My friends and I walked around the playground until the bell rang. When the bell rang we went inside. We went inside and talked to the teacher and took our seats. I said to myself, I'm going to have a good day.

My first day of school was exciting. I got up at 6:30 a.m. quickly even though I had been getting up at 9 a.m. for the past week. When I got to school I looked around for my best friend, but didn't see her. I went to my classroom and sat down at a desk. I kept watching the door in case my best friend walked in. A little later she walked in, looked around until she spotted me. Then she put her stuff in the hall and came back in. She walked over and sat in the seat in front of me. A few minutes later, Mrs. Bovee announced the names of the ten people who were to work in the lunchroom that week. I was one of them. So far I've had a good day and hope the rest of my school year is just as good. By Theresa Ferguson, 5th grade

Frederic News

by Eva Hulbert

A beautiful day and what a nice time we had at the Senior Citizen Satellite dinner, for 43, four helpers and 3 guests. Jack Kaiser from Flushing, who was there to have coffee with his aunt Ellen Davis of Timberview and a newcomer John Sellon with his daughter, Mrs. Richard Totten of Saginaw, who soon will be making their home here in Frederic along with Mr. Totten. It was nice to have Howard and Eloise back with us. Pastor Taylor said grace, we had a very nice meal. 50-50 winner Eva Desnoyers, and winner of the zucchini bread made by Agnes Nelson were Eloise Schmidt and Earl Westbrook. Paul Smith from the Police Dept. gave us a report on what he will be showing us at the future dinners. Films for not more than twenty minutes, very important to us, so do try and make it, I will let you know what film will be shown. If someone needs a ride when the weather is bad please contact me, yours truly.

RSVP Reports

Sherry Haag, Director

Welcome to news of the Retired Senior Volunteer Program. Each week when I discuss RSVP, I seem to stress how much the community receives from the volunteers, whether in terms of volunteer service hours or in terms of money saved. Both are immeasurable to Crawford County.

However, what do the volunteers receive for all of this work? As a volunteer for your community you receive a feeling of worth for your time, experience, knowledge, and interest. You feel a part of the community. You feel you are a contributing member of society. By staying busy you stay healthier - mentally - physically and better able to handle the problems of every day living. Research has shown that individuals who stay active and busy and around people are better able to adjust to the day to day problems and pressures we all experience.

Keeping busy - What does that really mean for RSVP'ers? It means saying yes when we call with a request for service somewhere in Crawford County. Are you interested in children? Would you like to help with the Remedial Reading Program at the Elementary School? This is a one to one program for children with reading difficulties. Keeping busy - Do you like office work? The 4-H office and the Chamber of Commerce needs volunteers for 1/2 day to answer phones and take messages. Keeping busy - Would you prefer a home assignment? We have sewing assignments open to all. The Community Services program at Christmas time provides p.j.s and gowns to children of needy families in Crawford County. RSVP'ers do the cutting, sewing, etc. on the gowns. Also have a project for making simple stuffed dolls and small wooden pull toys. These projects can be done at home on your own schedule. Materials are provided. Also need volunteers interested in crocheting or knitting mittens and hats, materials provided.

The Retired Senior Volunteer Program tries very hard to fit the assignment to the interest of the volunteer. You do what you want, when you want to. If you just like to visit with people, we have a spot for you. If you are 60 years of age or older and are interested in becoming a RSVP member and get involved in your community give us a call at 348-4341 or 348-8322 Mon.-Fri. for more information.

Keeping busy - Helping your community - Helping yourself, That's what RSVP is all about.

Now that we have had time to critique our first "Old-Time Days" festival held on the weekend of August 21 and 22, we pretty much agree as to its success. We hoped to accomplish two things: to prove that a special event could be held in a State Park and to increase Park attendance during what has been a generally quiet time prior to Labor Day. Organizing such an activity with a less than large staff led to a lot of volunteered time which is not covered by overtime, straight time, or any other kind of time. The attendance was good with 4,000 visitors on Saturday and despite the rain on Sunday, 2,200 visitors. I saw faces both days that I normally see only on the streets and sidewalks of the County so you like many other people stopped by for a look at the various demonstrations.

Shortly we will be having a meeting of the participating parties to discuss and set dates for next year's "Old-Time Days." There is thought being given to expanding the number of old-time skills and demonstrations, so keep this in mind for next year because we would like to have local involvement in this part of the activities being showcased. When a date is agreed upon, I will give you at least six months to prepare.

Personnel from three Parks, the Conference Center, our Regional Office, a Conservation Officer, and from History Division rendered assistance to make the two days a success.

Chris Clover's Corner

by Sue Louchart

Hi! I'm Chris Clover here with news about the local 4-H Clubs in Crawford County.

School is now back in session full time and summer activities are memories. Some of the 4-H Clubs are still going strong and others like the swimming program are done until summer unless an inside pool can be found to use.

After school clubs and Saturday clubs will be popping up like spring flowers as 4-Hers and leaders start a new year of projects. Club goals aimed at Achievement Day will be set along with new officers in some clubs. New clubs will be formed as an interest is shown.

Old standing clubs like the Leader Dog Club and the 4-H Hoofbeats are still busy with activities.

The Leader Dog Club was on Northern Michigan Today TV program a few weeks ago. They have been very busy this summer being in parades with their dogs.

Congratulations to Geri Olson and her horse for taking Best of Show at the State Fair and all the other blue ribbons earned.

Blue ribbons were earned by Jim Boone this summer on his 4-H horse teeth project also.

The Hoofbeats have been a busy club this summer with horse shows almost every weekend. Nice going 4-H'ers!

Many clubs are being thought about for fall depending on members and leaders such as foods and nutrition, horticulture, clowning, sewing, computers, photography, health, dog care, electrical science, small engine, model rocket/airplane, conservation, needlecraft, snowmobiling, cross country skiing, careers for teens, performing arts (dancing, singing, drama) and many more old ones like bowling, arts & crafts, teen club, woodworking, writing club, small farm animals and etc.

The 4-H program needs more leaders to fill the inter-

ests of the youth in Crawford County. Leaders are not expected to know everything about the project just an interest in youth and a willingness to learn along with them.

If you would like to join one or more of the many clubs or start a new club just call the 4-H Office at 348-2841 ext. 264 and let Ann know. Look for me soon with more news about the clubs and what's new in 4-H. See you!

Public Announcement

You are invited to participate in the formation of a Crawford County Fair Association and the election of its Board of Directors.

The meeting will be held Monday, September 27th, 7 p.m. in the basement of the Crawford County Courthouse.

The agenda for the evening will be: Introduction of steering committee and brief history, open discussion/question-answer, organization of Crawford County Fair Association, election of Board of Directors.

Please plan to attend and become instrumental in Crawford County's first County Fair.

City Council Proceedings

Regular meeting of the City Council held August 30, 1982. The meeting was called to order by Mayor Thompson at 7:30 p.m.

Members Present: Latuszek, Thompson, Sloan, Golnick. Members absent: Sabin.

Also in Attendance: Jerry W. Morford, City Manager, Allen V. Schreiner, City Treasurer, Nelson A. Miles, City Attorney, Patricia Schreiner, Michael & Kathy Lovely, Carlisle Canoes, Steve Southard, Ray's Canoe Livery, Allen Carr, Carr's Canoe Livery.

Motion by Golnick, supported by Sloan that the minutes of the meeting of August 2, 1982 be approved as presented. Ayes: 4, Nays: 0, Absent: 1, motion carried.

Citizens who wish to speak.

Several representatives of various canoe liveries were in attendance to ask why Penrod's Canoe Livery had an off-premises sign. Mr. Thompson requested the City Manager and City Attorney to explain the problem. Mr. Morford presented copies of the sign provision of the zoning ordinance. He detailed some of the events relating to signs in the past.

*Mr. Sabin was now present.

The City Manager discussed the sign provisions in a C-2 Zone. He noted that the sign under discussion supposedly was referring to an agent for the canoe livery who is operating at that site. Mr. Thompson asked if Mr. Morford considered that the sign was legal. Mr. Morford replied that in his opinion it was probably not a legal sign. Mr. Thompson stated that we have enough canoe livery signs in the City. Mr. Southard asked if even though the sign might be legal within the city ordinance it might be illegal under the state law. Mr. Miles stated that at this time he did not have any conclusive opinion regarding the question of state law. Mr. Miles and Mr. Sabin noted that the C-2 Section of the city zoning ordinance allows only specific business on premises signs. Mr. Miles observed that the sign in question was circumventing the law. Mr. Thompson stated that the Council will attempt to resolve the issue. Mr. Sabin stated that a review of the ordinance would seem that it would be possible to have a second business located on a particular site. Mr. Thompson noted that the people involved will be informed of the result of any action. Discussion of various aspects of the matter took place.

Motion by Sloan, supported by Sabin that Mr. Miles be directed to write to Mr. David Ross of Penrod's Canoe Livery that his sign at the Arrowhead Inn is in violation of Section 10.3 (a) of the City Zoning Ordinance. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Communications were received and noted.

From City Treasurer re: Monthly Finance Statement.

From Grayling Beautification Committee re: Meeting Minutes of July 20 and August 17, 1982.

From Grayling Housing Commission re: Meeting Minutes.

Motion by Golnick, supported by Sabin that the Grayling Housing Commission be advised that the City Attorney is retained to perform specific services for the City of Grayling as directed by the City Manager and that his retainer does not include services on behalf of the said Housing Commission. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Motion by Golnick, supported by Thompson that Council enter Executive Session to discuss a personnel matter at 9:07 p.m. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Council resumed Regular Session at 9:21 p.m.

Old Business

Motion by Sabin, supported by Sloan that discussion of a Commercial Facilities Exemption Certificate which was tabled at the Public Hearing on 8-2-82 be removed from the table. Ayes: 4, Nays: 0, Absent: 1 (Latuszek), Absent: 0, motion carried. There were no comments from the audience regarding this matter. Mr. Thompson closed the Public Hearing at 9:30 p.m.

Motion by Sabin, supported by Thompson that Council discussion on the matter be closed. Ayes: 4, Nays: 0, Absent: 1 (Latuszek), motion carried.

Motion by Thompson, that Delights Inc. be issued a Commercial Facilities Exemption Certificate in accord with the State of Michigan statutes for a period of 12 years. Motion died for lack of support.

Motion by Councilman Sabin, supported by Councilman Golnick,

WHEREAS, pursuant to 1978 PA 255, after a duly noticed public hearing held on July 26, 1982, this Council by resolution established Grayling Commercial Redevelopment District No. 1, as requested by Delights Inc., and

WHEREAS, this City Council accepted the application of Delights Inc. for a Commercial Facilities Exemption Certificate for the replacement of buildings in Grayling Commercial Redevelopment District No. 1, and the City Clerk has notified the City Assessor and the legislative body of each taxing unit which levies ad valorem taxes on the property located within said Commercial Redevelopment District No. 1, that the application for the Commercial Facilities Exemption Certificate would be considered at a meeting of the City Council on August 2, 1982 and that an opportunity to be heard would be provided to the assessor and to a representative of each of the bodies so notified as well as the general public; and

WHEREAS, during a regular meeting of the City Council held on August 2, 1982, the applicant, the assessor, representatives of the affected taxing units and the general public were afforded an opportunity to be heard, and no individual appeared; NOW, THEREFORE, BE IT RESOLVED, as follows:

1. That this City Council finds:

(a) That the commencement of the replacement of the facility did not occur before the establishment of the Commercial Redevelopment District.

(b) That the application relates to a project which when completed will constitute a replacement facility within the meaning of the Act and will be situated in Commercial Redevelopment District No. 1, established by the City Council by resolution on July 26, 1982.

(c) That completion of the facility is calculated to and will at the time of the issuance of the certificate have the reasonable likelihood to increase commercial activity, create employment, retain employment, or prevent the loss of employment in the community in which the facility is located.

(d) That the State Equalized Valuation of the property proposed to be exempt pursuant to this application, considered together with the aggregate State Equalized Valuation of property exempt under certificates previously granted and currently in force under this Act or 1974 PA 198 exceeds 5% of the State Equalized Valuation of the City of Grayling, but this City Council finds and determines that exceeding that amount shall not have the effect of substantially impeding the operation of the City of Grayling or impairing the financial soundness of any affected taxing units which levies ad valorem property taxes on property to be located in Grayling Commercial Redevelopment District No. 1.

2. That the application of the Delights Inc. for a Commercial Facilities Exemption Certificate with regard to the replacement of structures in Grayling Commercial Redevelopment District No. 1 be and is hereby approved with the following conditions:

(a) That the holder of this Commercial Facilities Exemption Certificate shall, no later than August 15 of each year, report to the City Clerk the status of the exemption certificate, including the current value of the property to which the exemption applies, the value on which the commercial facilities tax is based, the number of jobs retained or created by the exemption, and a description of the current use of the facility. Failure to provide the requested information by August 15, failure to complete the project within two years, failure to proceed in good faith with the project consistent with the purpose of 1978 PA 255, or failure to use the project in the manner as described in the Application shall be grounds for the revocation of this certificate.

3. That the certificate, unless earlier revoked, shall be in effect for not more than 8 years.

Ayes: Councilmen: Sabin, Golnick, Sloan, Thompson.

Nays: Councilmen: None.

Abstain: Latuszek.

Absent: None.

RESOLUTION DECLARED ADOPTED.

b. The City Manager discussed the 1982 street program progress. The sewer and storm drain work has been completed. The Curb & Gutter crew started work this morning (August 30). Mr. Golnick asked about the storm drainage flowing from Mikado and Brink streets toward M-72 and ponding problems. Mr. Morford replied that the engineers feel that the design as completed is adequate and that if when M-72 East is curbed or paved the water will be directed toward Fulton Street which is designed to handle the flow expected.

Mr. Morford presented an invoice from Richards and Associates for engineering services thru 8-22-82 amounting of \$7,611.97. He recommended approval.

Motion by Sloan, supported by Latuszek that the invoice from Richards & Associates for \$7,611.97 be approved for payment. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Morford next presented change order No. 1 for several necessary changes to the contract. These changes result in an addition of \$6,784.39 to the contract making the total \$249,481.66.

Motion by Golnick, supported by Sloan that change order No. 1 to the contract with Searles Construction Inc. be approved. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Partial Payment Estimate No. 1 for the 1982 Street Project was presented. The City Manager and the Engineers have approved the estimated completion percentage of 33% and recommended payment of the \$51,808.09 estimate.

Motion by Sabin, supported by Golnick that construction estimate No. 1 for \$51,808.09 be approved for payment to Searles Construction Inc. Ayes: 5, Nays: 0, Absent: 0, motion carried.

New Business

The City Manager presented a list of small supplies equipment and requested Council's permission to dispose of same.

Motion by Sloan, supported by Sabin that the City Manager be authorized to dispose of several small items of surplus equipment as listed in his memo of August 12, 1982 and also the garage doors which have been replaced. Ayes: 5, Nays: 0, Absent: 0, motion carried.

A letter from AuSable Construction Co. regarding their examination of the City Garage roof was discussed. Cost of the repairs would be approximately \$3,500.00.

Motion by Thompson, supported by Latuszek that the City Manager be authorized to have the roof of the City Garage repaired as proposed by AuSable Construction Co. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Golnick stated that he wishes to have an answer regarding method of accomplishing the Police Department renovation by November.

A memo from City Treasurer Schreiner regarding short-term investment of funds was presented to Council. These Re-Purchase agreements would allow the City to keep funds active and earning for short periods rather than place the funds in a no-interest checking account.

Motion by Sabin, supported by Thompson that the City Treasurer be authorized to invest temporarily surplus funds in re-purchase certificates for short periods of time. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Reports of Councilmen

Mr. Golnick asked about per diem payments for approved meetings without bringing the matter to Council.

Motion by Golnick, supported by Latuszek that Council Members, on previously approved, travel, shall be paid per diem and expenses upon submission of same to the City Office. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Golnick asked about dust control in his area because of complaints he has received. He asked about seal coating being considered. Mr. Morford will examine the problem and try to work out answers.

Mr. Thompson asked about possibly obtaining gifts for presentation, such as a "Key to the City". He will look into cost and availability.

Mr. Sloan asked about No Parking signs on Elm and Ionia Streets.

Reports of City Manager. Mr. Morford reported on the following:

Hearing on Workmen's Comp. Claim.

Article re: Traffic Signals.

His recognition by I.C.M.A. of 10 years service.

Meeting with County Treasurer and Grayling Township Supervisor re: Airport Finances.

M.M.L. Annual Conference.

Adjournment

Motion by Sloan, supported by Thompson that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 10:25 p.m.

Grayling Township Board

Special Meeting - September 7, 1982

Members present: Bernard Fowler, Elizabeth Wieland, Marvin Hallett, Jacqueline Bonkowski.

Members absent: Evelyn Gardiner

Others present: Bob Chappell, Barb Sojka, Patricia Fowler.

Meeting was called to order at 7:40 p.m. by Supervisor Fowler for the purpose of reviewing and discussing the Building Review Committee Report on the proposed Township Hall as advertised. Some concern was raised relative to whether two proposals should be offered on the ballot. One for the building as originally proposed with modifications, and one for office space only with modifications. Much discussion followed. It was the consensus of the Board to place a single question on the ballot relating to office space only with modifications for the present time. Wording to be: Shall a Township office building of approximately 2880 sq. ft. (40' x 72') be constructed provided no additional millage is required? Said wording subject to legal review. Incorporation of the fact that no additional millage is being pursued in the proposal was further discussed. The Board felt the question should be kept simple and any related questions, answers, or comments would be stated in a fact sheet. Bonkowski submitted a draft fact sheet for review. The suggested modifications to the proposed plans were reviewed. The consensus of the Board was to accept the recommendation of elimination of the proposed meeting room, covered entrance for said room, related septic system, parking, extra plumbing fixtures, air conditioning and heating unit, kitchen fixtures, and cabinets at the present time.

The recommendation of elimination of the private bath was also accepted. A ceiling height of 8' in the office area as proposed in the plans will be established. Permanent stud walls with standard door heights was also accepted. Cost of finishing drywall and painting compared with paneling will be pursued. Medium priced fixtures and construction materials will also be taken into consideration. It was the consensus of the Board that the entire job should not be rebid as recommended but rather negotiate the modifications and alterations with the low bidders to save further costs. Other concerns for the fact sheet discussed were: the growth pattern in the past 10 years and projections for the next decade, additional hours of operation at the compactor, building and site proposals being designed for future expansion as necessitated. Fowler will discuss the Building Review Committee's report with the architect to obtain costs estimates on the modifications.

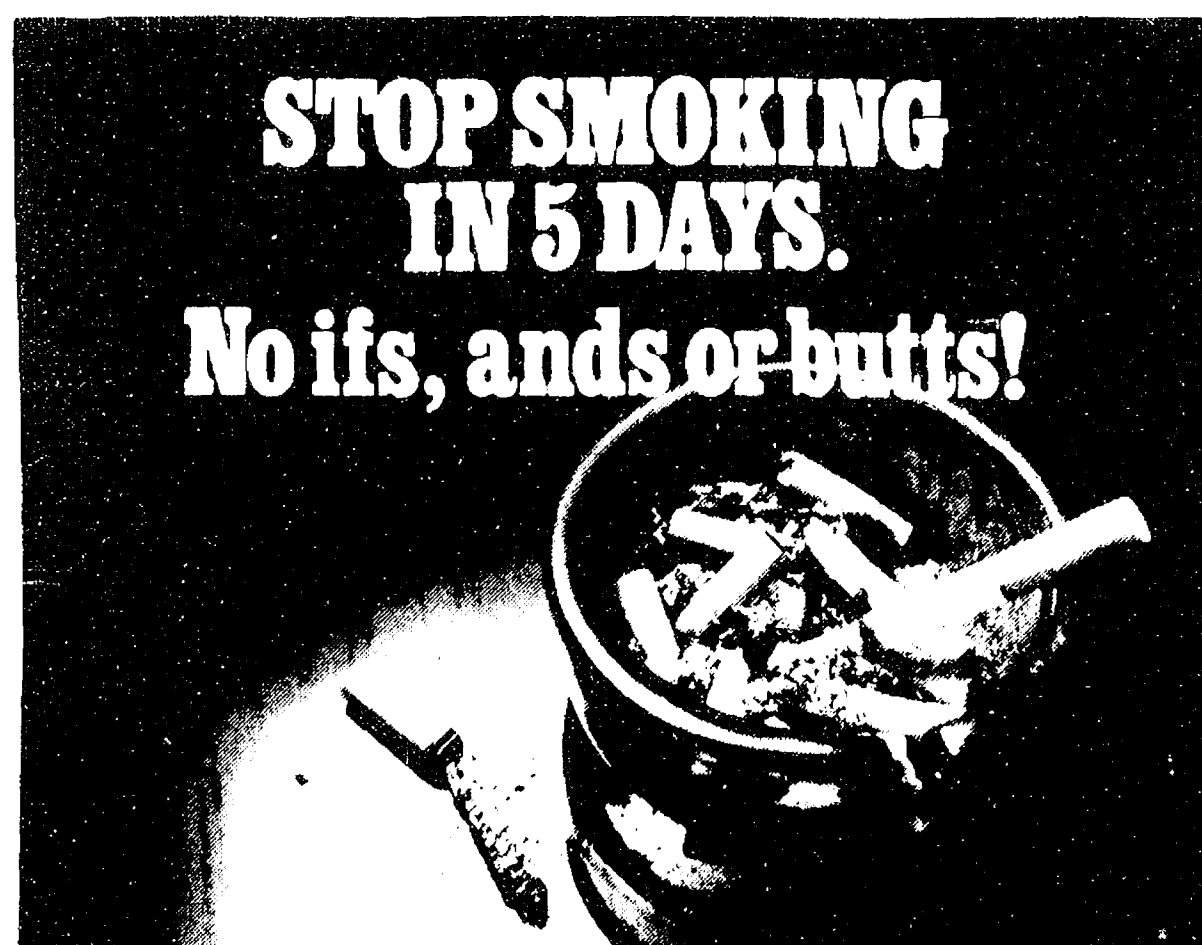

Motion by Wieland, supported by Bonkowski, meeting be adjourned. (9:00 p.m.) All ayes.

Dear Whitey:
I would like to take this opportunity to express the Chamber's appreciation to all who are supporting our military visitors this year. Our military receptions have been very successful and also very well received by military personnel.

The following letter indicates to me that our efforts have not gone unnoticed. Consequently, we will continue our efforts to support any and all military functions and encourage their presence within our community.

Please share this open letter with your readers.

Sincerely,
Debbie Branch,

Dear Members of Chamber of Commerce,
I would like to thank you very much for the reception you had for the senior N.C.O.'s of the Ohio National Guard.

There are very few organizations that did what you have done for us. I just hope our soldiers did not cause any problems for the City of Grayling. I also hope that we were able to help your economy.

God be with you all.

Respectfully,
Andrew Toth,

Race-Moggo Speak Vows

Miss Pamela Ann Race became the bride of Edward Leo Moggo in a double ring ceremony on Saturday, August 21, 1982 at four-thirty o'clock in the afternoon in St. Johns Lutheran Church, St. Johns, Michigan, before two hundred and fifty guests, with the Reverend Robert Marquardt officiating. Organ music was provided by Julie Schwarz, three musical selections were sung by Bill Roll, "Time for Joy", "The Lords Prayer" and "Author of Love."

The bride, given in marriage by her father, wore a Satin gown with a pleated lace apron, organza sleeves and a chapel length train. Her veil of bridal illusion was held in place with a cap and edged in lace which matched her train. She carried her great uncles white Bible and a cascade bouquet of white Carnations, Baby Mum Daisies and white streamers.

Miss Evelyn Ruestman, friend of the bride, of Kansas, was the Maid of Honor, bridesmaids were Mrs. Barbara Race, St. Johns, sister-in-law of the bride and Miss Janice Moggo, Roscommon, the groom's sister, the junior bridesmaid was Miss Korene Race, the brides sister of St. Johns, she wore a floor length dress of light pink with a matching lace jacket. The Maid of Honor and bridesmaids were dressed in floor length light blue dresses with matching lace jackets. They all carried decorator candle holders with pastel candles, Mum Daisies, Carnations and streamers.

Robert Pettigrew, friend of the groom was best man, groomsmen were Kevin

Race, and Jim Race, brothers of the bride, all of St. Johns, Mr. Gary Sanford, Roscommon, nephew of the groom was the junior groomsmen. Ushers were Bill Race, Dave Niggins, Alan Moggo and Daniel Latimer.

Immediately following the wedding a dinner reception was held at the Knights of Columbus Hall.

The bride's mother chose a pink rose long dress with a wrist corsage of white Camelia's. The groom's mother wore a mint green long dress with a wrist corsage of white Camelia's.

Pamela is the daughter of Mr. and Mrs. Leonard Race, St. Johns. Edward is the son of Mr. and Mrs. Melford Moggo, Roscommon.

The bride is a graduate of St. Johns High School, the groom is a graduate of Roscommon High School and is employed with the Department of Military Affairs at Camp Grayling.

Guests attending were from Kansas, Alabama, Pennsylvania, Lansing, Grayling, Roscommon, Ionia, Lyons and Palo.

New Lottery Game Starts

As it celebrates its 10th anniversary, the Michigan Lottery has designed an instant game - called "Top 10" - that says "YES" to Michigan.

In addition to the basic ticket on which players could win up to \$10,000 instantly, the new game features a first-time-ever-in-Michigan stub with \$4.5 million in prizes. "It's like two games for the price of one," said Lottery Commissioner William M. Nugent. The game goes on sale Tuesday, September 14, 1982.

Removal of the latex coating on the face of the ticket will reveal five play symbols. If the total of these play symbols is greater than 10 (10), the player can win prizes ranging from 1 Ticket to \$10,000. The stub on the right side of the ticket can be used to win additional prizes. If the word "YES" appears under the latex coating on the stub, the player wins \$10, or the player can win \$100,000 by collecting stubs with letters that spell "MICHIGAN."

Tickets winning prizes of 1 Ticket, \$2, \$5, \$10 and \$20 may be redeemed at any sales location. Winners of \$500 must be claimed at a Lottery Claim Center. All \$10,000 and \$100,000 winning tickets should be claimed at a Lottery Office. The location and telephone number for each Lottery Office is as follows:

4-What? 4-H

What is 4-H?

4-H is a learning-by-doing, fun, educational program for kids. County and State staff and specialist help volunteer leaders with this program by providing them with the informational experiences in a group setting. The experiences are designed to help youth in their growth and development and to complement those received at home, school, church, and other youth organizations.

Who is Involved?

In the United States over five and one-half million young people are involved in 4-H. Although, traditionally, 4-H has been offered to young people between 9 and 19, people of any age are welcomed and encouraged to become involved. The major limiting factor is finding adult volunteer leaders to work with youth.

Some famous 4-H alumni are Jacqueline Kennedy Onassis, John Denver, Johnny Carson, and Rosalyn Carter.

When Did 4-H Begin?

4-H in Michigan started in 1908 with "Corn Clubs", begun by the U.S.D.A. to teach modern farming methods to young people in the hope that they would, in turn, teach their parents those methods to increase crop production. It worked! In 1917 the 4-H Youth Program was born.

As years have gone by and lifestyles have changed, 4-H has evolved into the largest co-educational youth organization in the world, with 4-H in some form found in 82 other countries.

Where is 4-H Found

...On Farms?

The rural image of 4-H is no longer an accurate picture of current, 4-H programming. Animal, horticulture, and other more traditional activities still exist and provide valuable educational experiences for young people. They have been joined by new projects relevant to life skills needed by today's youth. Some of these include: African Heritage, personal appearance, fine arts, crafts, horseback riding for handicappers, wilderness survival, mime, clowning, employability skills, and many more.

The 4-H "Club" structure is now only one way young people can participate in "learn-by-doing" 4-H projects. School groups and private, short-term project groups receive support, guidance, and educational information from the Cooperative Extension Service and 4-H Youth Staff.

Local Youth Wins Awards At State 4-H Horse Show

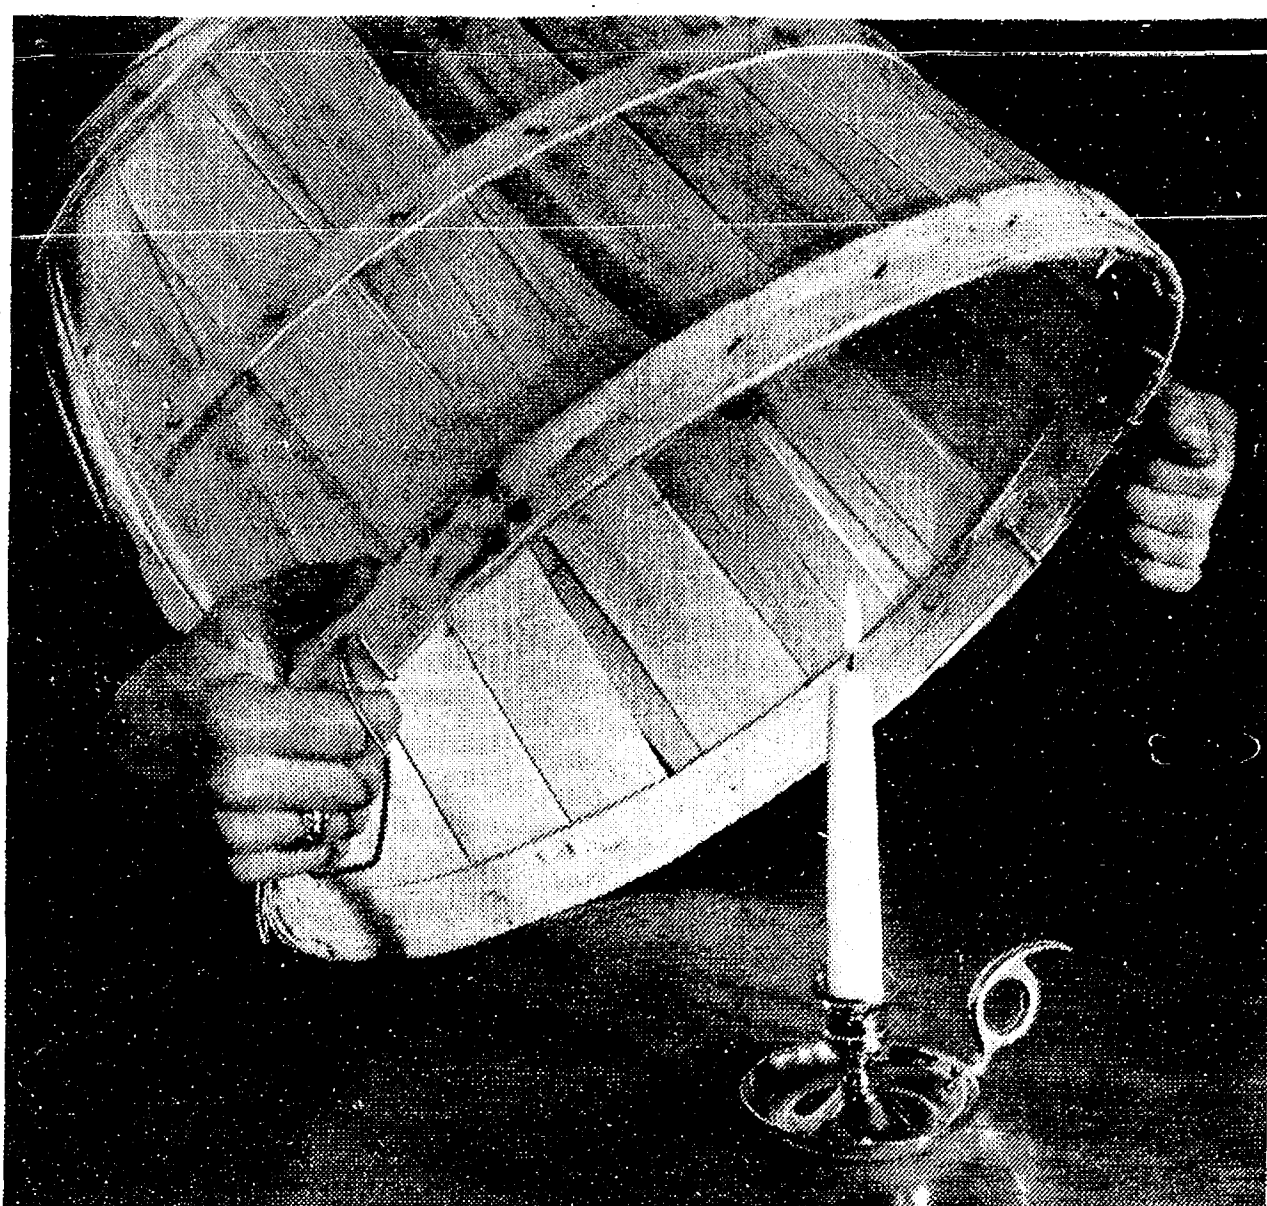

535 4-H members from 62 Michigan counties entered the 1982 Michigan 4-H Horse Show held August 24 at Michigan State University.

Geri Olson of Grayling was awarded Grand Champion place in the Champion Flag Race Event, Reserve Champion place in the Champion Cloverleaf event, and took first place honors in the Cloverleaf Barrel contest.

According to Ann Stephenson, Crawford County 4-H Program Assistant, the purpose of the annual event is to give 4-H horse project members an opportunity to evaluate their horsemanship skills by competing against other youths from across the state with similar interests. Stephenson added, "We are very proud of Geri's outstanding accomplishments."

Let Your Light Shine

Jesus put magnificent truths in simple terms we'll never forget. None among us wants to hide his light under a bushel!

But are we as quick to realize that Christ is really talking about setting the right example?

Let your light so shine before men that they may see your good works and glorify your Father which is in heaven.

Those whose light brightens life all week set an especially significant example in their place of worship. Apparently in the worship and work of God they recharge spiritual batteries.

COMMISSION ORDER

BOBCAT HARVEST REGULATIONS

The Natural Resources Commission at its meeting on June 12, 1982, under the authority of Secs. 1, 2, and 3, of Act 230, P.A. 1926, as amended, Secs. 38 and 39a, Chapter IV, and Sec. 1, Chapter V, Act 286, P.A. 1929, as amended, established rules for the taking of bobcats, during winter and spring.

1. Seasons:
Zone 1 - Hunting and trapping, October 25 of one year through February 28 of the following year.
Zone 2 - Hunting only, January 1 through February.
Zone 3 - Closed to hunting and trapping.

2. Shooting Hours:
7:00 a.m. to 6:00 p.m. local time

3. Areas:
Zone 1 - The Upper Peninsula, except Bois Blanc Island & Drummond Island, which will be under Zone 2 regulations.
Zone 2 - Cheboygan, Emmett, Presque Isle, Oscoda, Otsego, Montmorency, Alcona, and Alpena counties; also Bois Blanc Island & Drummond Island.

4. Registration:
Any person killing a bobcat shall present the whole animal at a Department of Natural Resources district office or other designated field office within 72 hours of the kill. There, a confirming seal shall be attached and information obtained from the licensee as to date, place, and manner of kill and other pertinent information deemed appropriate. No taxidermist or fur buyer shall accept, possess, or process in any fashion, a bobcat or bobcat pelt without the confirming seal attached. Sealing of pelts will qualify the fur for foreign export under regulations enforced by the Endangered Species Scientific Authority. Registration hours will be during regular working hours or where offices are open for some other purpose after hours.

American Spectical To Open**Annual Travelogue Series**

Grayling's 10th annual Travel and Adventure Series will get underway on Thursday evening, September 30 at the high school auditorium. Doors will open at 6:45 and the travelogue will begin promptly at 7:30. Price of admission is \$2.50 per person, however considerable savings can be obtained with the purchase of a "Passport To Adventure". "Passports" sell for \$12.00 to adults, while the student and senior citizen charge is \$7.50. Each "Passport" is good for six admissions which may be used at the discretion of the owner.

Grayling's 10th annual travelogue series should prove to be one of the finest with three domestic shows and three foreign shows making up the bill of fare. Foreign countries to be visited this year include Australia, Italy and Austria. Subjects of our own country to be covered include Texas and the Mississippi River.

This year's series opener will be one of the most widely acclaimed travelogues in the history of the endeavor. "America - Of Thee I Sing", a composite of all the things which go to make our country great. Three giant ten-foot high screens will reflect the images of six projectors in breathtaking color, accompanied by the very finest in stereo music and sound. Thrill to the United States at each point of the compass and come away with renewed appreciation of our natural heritage.

"Passports To Adventure" are right now available and may be purchased by mail by contacting 348-7641 or they may be picked up in person at the local Board of Education office.

Kiwanis Club News

A recent speaker at the Kiwanis Club meeting on Monday noon at the hotel was Don Geiss, who explained the Fish Hatchery project.

Robert Harrington and Mark Furst are the newest members inducted into the club.

President elect Dick Trudeau, Bob Harrington, Tom Gibbons, and secretary, Bob Bovee will attend an officers training session in Traverse City on October 2.

Bob and Fay Bovee attended the Michigan District Kiwanis convention in Grand Rapids in August at which time Len Gordon of Lansing, was elected as governor of the Michigan District for the '83 year.

Quilting Workshops

On the 25th of September, The Icehouse of Grayling is pleased to welcome Sarah Deasy of Saline, Michigan, who will be teaching two workshops on quilting. Mrs. Deasy, a quilter with 45 years of experience began teaching quilting 10 years ago in the Saline Schools.

She continues to teach classes in the Saline-Ann Arbor area as well as lecturing on the subject of quilts, doing appraisals, and quilt shows.

She learned her craft from her grandmother and made her first quilt, a nine-patch, at the age of 11. Since then she has made many more quilts, favoring no special pattern - just loving them all!

She feels it is a most rewarding experience to finish a quilt, look at it and think you have actually made "this thing of beauty from bits and pieces of fabric".

The two workshops she'll teach at The Icehouse are on stain-glass quilting, and mastering the technique of hand quilting. Reservations for the 3 hour workshops can be made by calling The Icehouse - 348-4821.

Quilt enthusiasts can look forward to a terrific day of sharing with Ms. Deasy, whose goal is simply to pass on to others what she has learned in her many years of quilting...won't you join us?

Open Letter To Elmer Fenton

Dear Elmer,
On behalf of the County Board of Commissioners, I am writing to express our genuine appreciation for your many years of service to the Crawford County Historical Society. Your unselfish dedication to the preservation of our heritage has demonstrated a rare devotion to your community, and has produced a monument to our past which we can all share with pride.

You have earned and won the respect, affection and gratitude of all our citizens. On their behalf I thank you sincerely, and look forward to your continued guidance to the new director.

Sincerely,
Jeannette J. Kitchen,
Chairperson
Crawford County Board of Commissioners

Arson Seminar at Shanty Creek

The International Association of Arson Investigators (I.A.A.I.) has announced an arson seminar specifically designed for our region, especially for volunteer fire departments. In northern Michigan most arsons are discovered because firefighters find suspicious facts while putting fires out and immediately bring in qualified arson investigators. The purpose of this seminar is to teach firefighters how to recognize arson, how to preserve evidence until investigators arrive, and how to effectively present in court what was seen and done by those present at the fire.

This year's regional seminar will have as topics: determining fire cause and origin, the firefighter in court, and police and fire department responsibilities at a fire scene. It will be held from 7:00-10:00 p.m. on October 11 and 12, 1982, at the Upper Deck Room of Hilton Shanty Creek, Bellaire. Registration starts at 6:00 p.m. Fees are \$3.00 for three hours and \$5.00 for six hours. Certificates of training will be issued. These seminars are planned to provide useful information to members of law enforcement, fire departments, security forces, and the insurance industry in northern Michigan.

Further details about this seminar may be obtained from seminar host James R. Baker, Bellaire Police Chief and Fire Department Officer at (616) 533-6592.

Logger Safety Program Set For Grayling

Houghton-Area loggers can keep abreast of the latest innovations in safety and heavy equipment operation and maintenance by attending a logger heavy equipment safety program Tuesday, September 21, at Grayling High School.

The session is free of charge and is scheduled to begin at 7:00 p.m. Discussion will focus on the use of personal protective clothing, preventative maintenance, and safe use of harvesting equipment.

The program instructor will be Warren Groleau, logger safety training program coordinator at Bay de Noc Community College in Escanaba.

The program is sponsored by the Michigan Department of Labor, in cooperation with Michigan Technological University and Bay de Noc Community College.
